Kelly – I renamed the file to be routed “FedRegNotice_v2020 CLEAN-20200828” and will accept changes and get it routing. For some reason I can’t move _v2020 CLEAN and _v2020 CLEAN mge to the “Older Versions” folder, but I did lock them down to prevent any further editing so no one uses a link thinking they’re going directly to the current version. It actually says *I* have both documents locked for shared use, which I don’t think I really do. They aren’t open and I didn’t do anything other than use the Track Changes feature to prevent editing. Eh.

These look good with me. As for version control, if we can incorporate them into “FedRegNotice_v2020 CLEAN mge” I believe that is the latest version. Once all edits are incorporated hopefully we can change the name to “FedRegNotice_v2020 CLEAN[DATE]” to distinguish from previous versions.

These look fine to me, but I would recommend running them by Alexis if she wasn’t involved already. I defer to Kelly on version control, but will need to know the outcome as I expect I’ll be running point tomorrow.

Hi all,

Please see edits from Dave on ESA below, and let me know if you have any concerns. I can send Dave's edits to the broader group from the FRN email this morning if you think that's best. Just let me know how you'd like to proceed re: version control and reviewing/ getting these incorporated.

Best,
Whitney

Hi all,

Apparently Dave has already reviewed the FRN and has just a couple edits.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

so he's blessing edits that I made to address his request, and then I'll share with the team shortly. Mindy asked that I quickly try to get that done while Dave's attention is on the FRN- I think the changes will be non-controversial but we'll run them by everyone soon.

Whitney

The bubble comments look good to me, and I'm thinking sending along as is should be fine in the interest of time. Dave will see that the recommended changes are a mostly mix of R4-HQ style (maybe he'll talk to Mary if he feels really strongly about it?), changes we will make, and changes awaiting OP input on.

If Tom or others think we should go ahead and change the section symbol and "part vs Part" edits to smooth Dave's review, I can tackle it, but Jeaneanne is asking for an update, so my preference would be to advance this copy.

Hi all,

Kathy also suggested that I draft an email from Mindy to Dave- which could be customized depending on whether Mindy has actually sent the FRN. But it is intended to highlight that we're aware of formatting and repetition concerns he may

raise. Let me know if you have any edits on the note below- particularly Tom and Rosemary, but anyone is welcome to provide feedback!

Best,
Whitney

Hello Dave,

Please see attached for Region 4's FRN on Florida's assumption package approval, including a request for comment on NHPA consultation. Note that the FRN is being issued out of Region 4, and the Region has slightly different formatting conventions than headquarters. We've been asked to focus more closely on the content of the FRN, as OP will be reviewing the document to ensure it meets OFR formatting standards. The team also recognizes there is some repetition regarding Covid-19 language and virtual public hearings, but they have followed the FRN template as closely as possible to facilitate a fast review by OP and OFR. Thanks for your feedback!

Best,
Mindy

Hi all,

See attached for a version with bubble comments responding to Mindy. Tom and Rosemary, let me know if you're okay with these responses- we can adjust the OP bubbles pending Tom's discussion with Melissa. I'm torn about creating a clean version. It would be easier for Dave to review if he hasn't already, but it may compound version control problems since Carrie and Mary could be reviewing concurrently. Let me know what you think is best.

Hi,
